Why?

In addition to attending news-making IoC Conference sessions, you will be able to meet with decision makers and successful companies who can help structure benefits for your own organization.

- Discuss short-term and long-term capabilities development with important industry and government speakers who can give you an accurate industry report.
- Identify and monitor the capabilities and required technologies, including identifying those in progress, those planned, and those for which no current plans exist.
- Learn about new US and European programs, learn about what has been done and what is being planned.
- Meet and build relationships with officials, policy makers and regulators from federal, state and local governments.
- Find out what you need to know to successfully compete for hundreds of millions of dollars available in business opportunities to help your research and development.
- Participate in forums with high-level industry participants and make your voice heard in an interactive dynamic environment.
